

## INVITATION TO A FILM NIGHT

### **TOMORROW**

Friday 28 June at 7.30pm  
Mike Sheridan Room  
Victoria Halls

Ballater CAN - Climate Action Now – invites you to an evening featuring the film Tomorrow, a positive look at climate action with lots of ideas that are already working in other places. It's a lovely film to inspire us all to get involved in climate action large and small. Every little change helps and together we CAN do so much more.

Entry is by donation and a raffle will be drawn.

Children over ten are welcome.

Doors Open at 7pm.

**RSVP** to Sabine Muir [sabine.muir@hotmail.com](mailto:sabine.muir@hotmail.com) 013397 55916, so we may reserve you a seat.

A **Follow Up meeting** for all who have been inspired by the film to join Ballater CAN will be held on **Wednesday 3 July at 7.30pm in the Mike Sheridan Room**, Victoria Halls, to start talking about ideas, plans and projects on cleaning up, re-wilding, restoration, conservation and whatever else. Small groups can then start to make Climate Action a reality in Ballater.

*Come and get Inspired*

\*\*\*\*\*

A group of people have come together in Ballater and the surrounding area to engage in positive Climate Action, building on already existing initiatives and to inspire the whole community to become environmentally aware and put that knowledge into practice in their homes and in- and -around the village.

This is a community lead project where people get together and find the support they need (be it ideas, skills, manpower or money) with the people signed up for Ballater CAN. They then get on with it and report back.
